This collection contains material concerning early drafts of the First Lady's remarks to the World Health Organization Forum on Women and Health Security in Beijing, China on September 5, 1995. The collection contains materials used for researching, writing, and scheduling this 1995 speech. These materials include draft remarks and background materials such as correspondence, notes, position papers, press releases, publications, previous remarks, reports, and talking points.

#### **System of Arrangement**

Records that are responsive to this FOIA request were found in these collections areas—Clinton Presidential Records: White House Staff and Office Files.

Staff and Office files were maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff and Office files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject areas.

The following is a list of documents and folders processed in response to FOIA 2015-0352-F:
